

THE MOST IMPORTANT MEAL

Who has time to prepare a well-balanced breakfast every morning? You do. Meal Replacement makes nutrition easy, even when you're short on time. Drinking SLMsmart's nutrient-rich shake for breakfast may end up saving you time in the long run. Its 23 essential vitamins and minerals, including calcium, iron and biotin, to name a few, give you the energy you need to be more efficient in everything you do.

Vow to never skip breakfast again so you can enjoy these benefits:

- Decreased desire to overeat
- Easier weight control
- Consuming Vitamins B6, B12 and C for breakfast contributes to a healthy, efficient metabolism
- Consuming fructose for breakfast helps regulate blood sugar levels by leading to a lower blood glucose rise compared to foods containing sucrose or glucose

Meal Replacement's essential nutrients, and 26 grams of whey, soy and casein proteins combine to create the perfect breakfast solution to help you achieve your weight management goals.

START WITH TODAY.

It's your day to take a step closer to your best self.

The SLMsmart Meal Replacement for weight control can get you there. This delicious vanilla shake is packed with quality ingredients that are designed to help you reach your target weight. Whether you are looking for a body transformation or to maintain your current weight, there is a SLMsmart plan that can guide you to a healthier life.

BENEFITS

- Makes achieving your ideal weight an attainable goal
- Delivers a balanced array of carbohydrates, proteins, and nutrients, such as Vitamin B12 and Vitamin C, that give you the right amount of energy any time of the day
- Contains whey, soy and casein proteins that support the maintenance and growth of lean muscle mass
- Keeps you feeling full for hours
- Contains fructose which leads to a lower blood glucose rise compared to foods containing sucrose or glucose
- Substituting one daily meal of an energy restricted diet with a meal replacement contributes to the maintenance of weight after weight loss

Simply substitute breakfast with Meal Replacement to ignite an energy-yielding metabolism and satisfy your morning cravings. Substituting two daily meals of an energy restricted diet with meal replacements contributes to weight loss.

With each new day there is so much to accomplish, to experience and to live for, which is why taking care of yourself should be the first item on your morning's to-do list. With Meal Replacement you can conquer your days with the energy they demand without sacrificing your good health.
